

C&MD's Message

Dear friends,

The Central Vigilance Commission has chosen "सत्यानिष्ठा की संस्कृती से राष्ट्र की समृद्धि; Culture of Integrity for Nation's Prosperity" as the theme for Vigilance Awareness Week 2024.

GRSE is one of the leading Shipyards of the country and has already built 110 Ships. However, in these days of AI, cutting-edge technology and cut-throat competition much is required to be done.

GRSE requires to build Ships faster and with less costs. This is only possible by bringing in Systemic Improvements, Leveraging of Technology and Transparency.

Bringing in a sense of responsibility, accountability, inter departmental co-operation and an acumen in taking decisions remains one of the primary means to achieve an all-around development.

The Vigilance Awareness Week is a move towards inculcating the spirit of participative vigilance and bringing awareness among employees about the perils of corruption.

On the eve of Vigilance Awareness Week 2024, let us pledge to contribute to our Organization that we shall follow the path of righteousness as well as encourage others to do the same.

जय हिंद ! जय जी. आर. एस. ई. !

P R Hari
Chairman & Managing Director
